### HEI CLAIM

East Point College of Pharmacy has a well-established placement cell for guiding students towards a better career and providing job opportunities through campus interviews and references, The Placement cell has a huge corporate/industrial connectivity. The placement cell indeed plays a crucial role in bridging the gap between academic learning and industry requirements. Also, the institute has several industrial collaborations through which we are connecting. Our students got recruited by prestigious organizations namely, Hetero Company, Apollo Pharmacy, Altius Hospital, East Point Hospital, Venkateshwara Hospital etc. The focus on not just on academics, but also on the future goals of students, and the efforts to guide students towards higher education through multiple Skill Development Programs (SDPs) are also noteworthy. This holistic approach certainly enhances the overall learning experience and opens up numerous opportunities for students.
