## REPORT

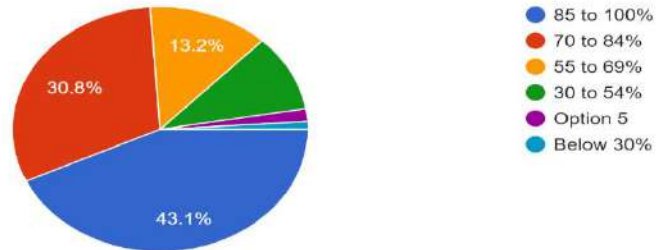

East point College of Pharmacy is the College which got embedded with the inherent closed loop system and corrects itself through the feedback / surveys. This is the continuous process practiced almost since the inception of the institute. Over the years the process has been refined and it is online for the last 5-6 years. Students Satisfaction Survey (SSS) is one among these surveys. This survey includes the questionnaire recommended by NAAC.

The survey is conducted by the Internal Quality Assessment Cell (IQAC) with support of Heads of all the departments. The Google form containing questionnaires prescribed by NAAC on different attributes of the teaching learning process was prepared and sent to all the students by their respective departments through mentors.

The responses obtained on these dimensions are compiled into a spreadsheet, analysed and logical conclusions are drawn there from it. The SSS report is prepared by IQAC and shared with all the heads of the departments and Principal

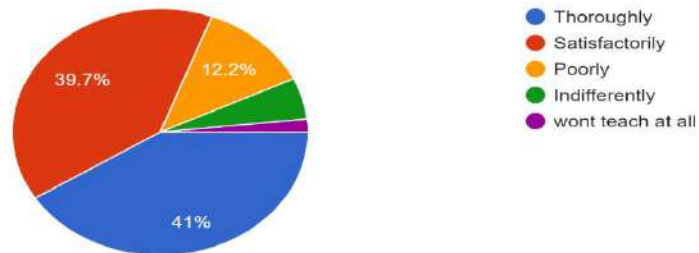

1. How much syllabus was covered in the class

295 responses

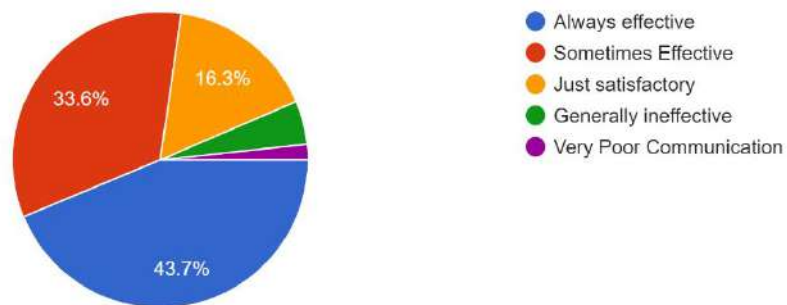

2. How well did the the teachers prepare for the classes

295 responses

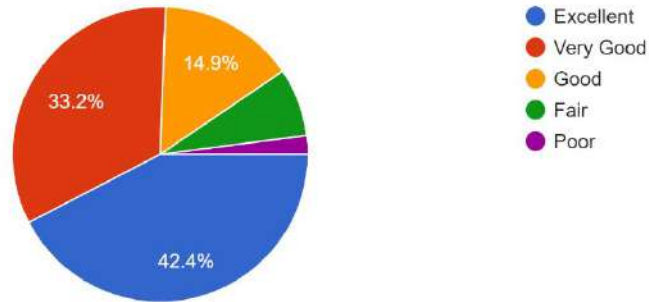

3. How well were the teachers able to communicate

295 responses

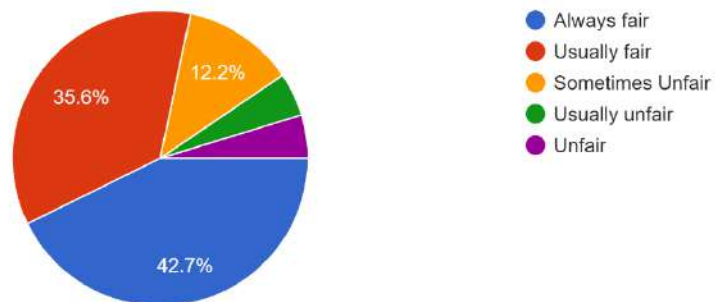

4. The teachers approach to teaching can be best described as

295 responses

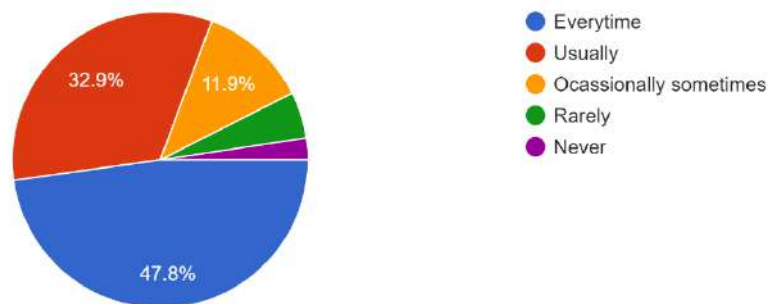

5. Fairness of internal valuation process by the teachers

295 responses

 294 responses

### **OBSERVATIONS:**

1. Interactive Learning Platforms, Personalized Learning Paths and Professional Development Programs.
2. Collaborative projects.
3. Encourage a culture of open communication between students and faculty.
4. Use of E-learning.
5. More enthusiasm from faculty to teach their respective subjects.
6. Teaching learning process is good in this Institution.
7. Overall learned a lot from this institute.
8. Regarding the observation, all the teachers are very well skilled and they throw their skills for us in the best possible way.
9. Regarding the observation, the cleanliness of the college is much more well maintained than any other colleges.
10. Teachers are very much involved in the teaching process and I appreciate that.
11. Lab Equipment's need maintenance.

### **SUGGESTIONS:**

1. Focus on student overall development includes programming skills, communication skills, extracurricular, etc.
2. Encourage the students to participate in all the events
3. Multimedia teaching should be inculcated more, i.e., via videos, simulation based-learning, so that students will have more clarity to understand.
4. More practical based learning approaches should be inculcated as well in place of the traditional theoretical class-room based learning.
5. Introducing new technologies for the progress of students.
6. Conduct more industrial visits and field trips
7. Notes should be provided to the students by the respective subject teachers.
8. Incorporate interactive technology for more engaging lessons and immediate feedback.
9. Diversify assessment methods beyond traditional exams to better capture students' skills and understanding.
10. Labs and Equipment should be maintained properly.
