REPORT

East point College of Pharmacy is the College which got embedded with the inherent closed loop system and corrects itself through the feedback / surveys. This is the continuous process practiced almost since the inception of the institute. Over the years the process has been refined and it is online for the last 5-6 years. Students Satisfaction Survey (SSS) is one among these surveys. This survey includes the questionnaire recommended by NAAC.

The survey is conducted by the Internal Quality Assessment Cell (IQAC) with support of Heads of all the departments. The Google form containing questionnaires prescribed by NAAC on different attributes of the teaching learning process was prepared and sent to all the students by their respective departments through mentors.

The responses obtained on these dimensions are compiled into a spreadsheet, analysed and logical conclusions are drawn there from it. The SSS report is prepared by IQAC and shared with all the heads of the departments and Principal.

1. How much syllabus was covered in the class

291 responses

2. How well did the the teachers prepare for the classes

291 responses

3. How well were the teachers able to communicate

291 responses

4. The teachers approach to teaching can be best described as
 291 responses

5. Fairness of internal valuation process by the teachers
 291 responses

289 responses

OBSERVATIONS:

1. Good learning and teaching environment is present
2. All the technical resources are utilized while teaching
3. The faculty always covers the entire syllabus
4. Faculties are communicating properly
5. Faculties are inculcating good examples while teaching theory and practical classes
6. Most of the teachers are able to identify students' academic and personnel problems
7. Most of the faculties are identifying the curricular and extracurricular interest of the students
8. Majority of the faculties helped the students to learn about course outcomes
9. Teaching-Learning is great
10. Overall teaching was quite good.

SUGGESTIONS:

1. Teachers should give practical examples of concepts for students in their classes
2. Conducting of mock tests and exams according to the syllabus of university calendar the students will be able to face the examinations without fear.
3. More opportunities for internships for students in third year and final year
4. Teachers can give good suggestions to students to improve their skills.
5. Career Guidance and Mentoring should be provided to students for after their current course of education which should include the mentorship for various entrance examinations like GPAT, IELTS, TOFEL, making students preparing for higher education.
6. Institute-based Scholarships should be awarded to the students with the higher marks and if they are from BPL family this encourages and motivates the students for Higher learning process every academic year [especially to those who are not already been receiving Government Scholarships and Free ships based on Caste/Gender/Income based Reservations]; who focus on their all-round development and not just at one particular focus-area.
7. More Industrial visits, and internship.
